

## AND THE LEAVES OF THE TREE ARE FOR THE HEALING OF THE NATIONS

Nuclear weapons are uniquely evil.  
They are indiscriminate by their nature.  
They pollute the environment for up to 500,000 years.  
They cause genetic damage that affects many generations.  
They destroy the very building blocks of life of God's Creation.

The Christian Campaign for Nuclear Disarmament is an ecumenical organisation made up of lay people, clergy and members of religious orders working together to get rid of nuclear weapons. To find out more, contact:
